# THE HOO-HA HUDDLE

We have launched a new "Closed" Facebook group for GYNCA survivors only. This group will be able to post, comment, and interact with only GYNCA verified survivors. It is totally private. No one outside of this group can see your activity. We would love for you to join!

**You can find this group by going to the GYNCA Facebook page and click on the link to redirect you to the closed group or with this web address:**

**[www.facebook.com/groups/HooHaHuddle](http://www.facebook.com/groups/HooHaHuddle)**

Anything that you post, read, or comment on will be only viewed by other survivors.

The public and your friends will not be able to view what you are interacting with.

**Please know we value your privacy and will not share your information.**

This group is intended for you to interact and start a conversation with someone you may have not met yet. You have many Teal Sisters out there in Southwest Missouri waiting to meet you!

**If you have any questions, please contact Amber Kline @ GYNCA**
